Dr. Elena Rostova

elena.rostova.ai@example.com | +1 (555) 876-5432 | https://linkedin.com/in/elena-rostova-ai | https://github.com/erostova-ml

PROFESSIONAL SUMMARY

Machine Learning Engineer with 4+ years of specialized experience designing, fine-tuning, and deploying Deep Learning and NLP transformer pipelines, RAG systems, and scalable AI inference APIs.

TECHNICAL SKILLS

Languages: Python, SQL, C++, Bash

ML & AI Frameworks: PyTorch, Hugging Face, Transformers, Scikit-Learn, Pandas, NumPy

GenAI & RAG: Large Language Models, NLP, ChromaDB, Pinecone, RAG, BERT

Deployment & Cloud: FastAPI, Docker, AWS, MLflow, Linux

PROFESSIONAL EXPERIENCE

Machine Learning Engineer | NeuralEdge Solutions *Aug 2021 - Present*

- Engineered multi-modal Retrieval-Augmented Generation (RAG) system utilizing Hugging Face Transformers and ChromaDB, increasing factual answer accuracy by 28%.
- Fine-tuned domain-specific open-source LLMs on proprietary corpora using PyTorch and LoRA techniques.
- Packaged and served low-latency inference pipelines via FastAPI and Docker on AWS ECS, handling 1.2M API calls weekly with sub-80ms response time.
- Implemented automated model evaluation and data drift monitoring using MLflow and Prometheus.

Data Scientist | Cognitive Insights Corp *Jan 2020 - Jul 2021*

- Developed text classification and entity extraction models using NLP, BERT, and Scikit-Learn.
- Automated feature engineering pipelines in Python and Pandas across 50GB+ unstructured datasets.
- Presented predictive analytics dashboards to executive stakeholders, driving 18% improvement in customer retention.

PROJECTS

Semantic Code Search Engine | *Python, PyTorch, Hugging Face, FastAPI, Docker*

- Trained neural embedding model to perform semantic search across 100k open-source repositories.
- Deployed live demo on AWS using Docker containers with continuous integration.

EDUCATION

Master of Science in Data Science and Artificial Intelligence *2020*
Columbia University — GPA: 3.9/4.0

Bachelor of Science in Computer Science *2018*
University of Michigan — GPA: 3.8/4.0

CERTIFICATIONS

- AWS Certified Machine Learning - Specialty
- Deep Learning Specialization (DeepLearning.AI)
